

Bidder Rfx User Guide
Desk Instructions
Part II

7. Participating in a Tender

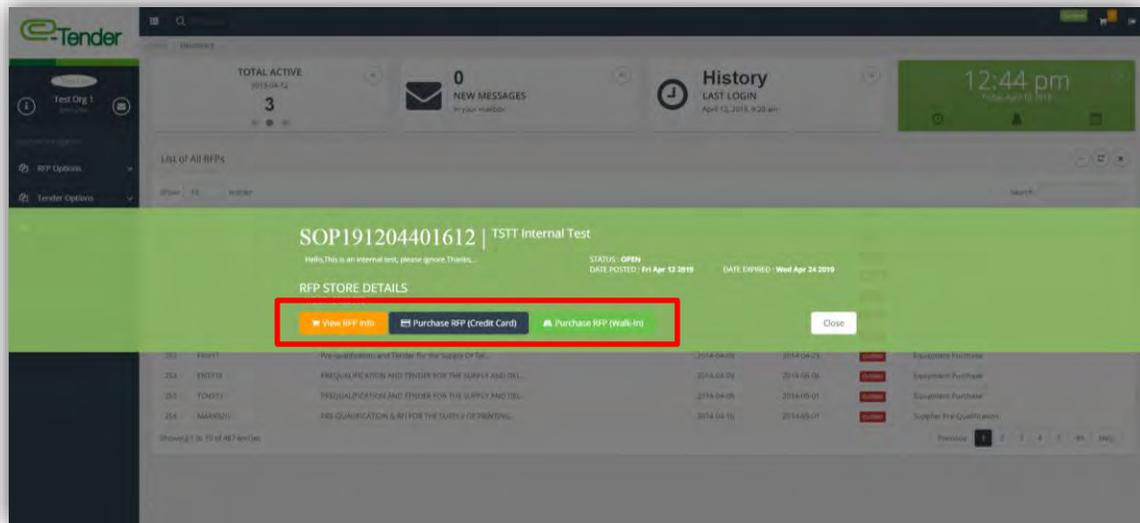

You will receive an email notifying you that you have been selected to submit a bid for a specific tender, or when a tender within your preferred good of service category is posted. The email will look like the one below. Use the unique Ref# to find the tender in *E-Tender* and to begin the bid submission process:

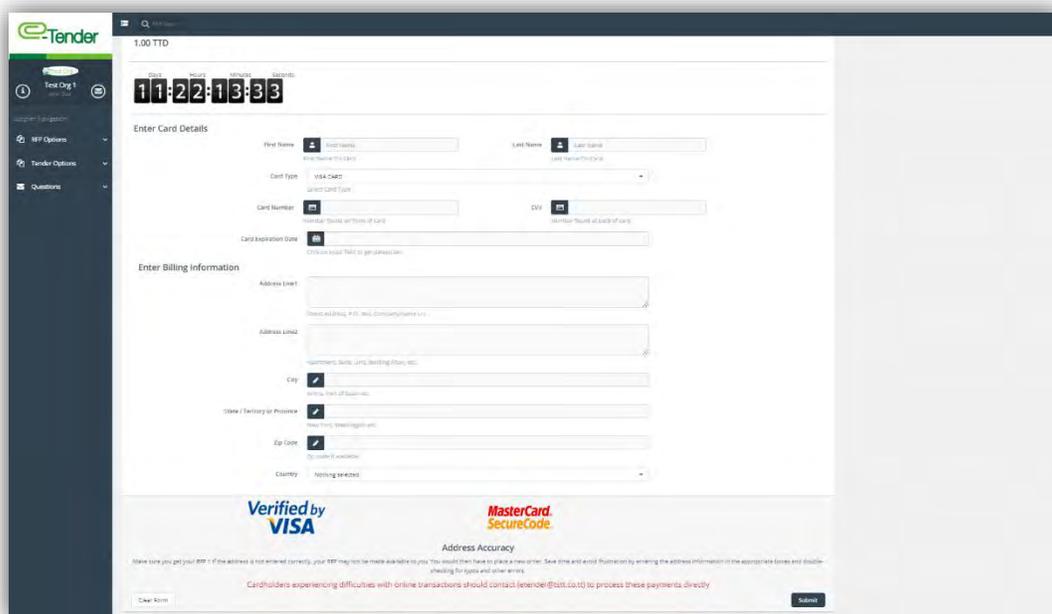

When you have successfully logged on to *E-Tender*, all tenders, both open and closed will be posted on your home screen. If not, feel free to search for the tender using the search box as shown below:

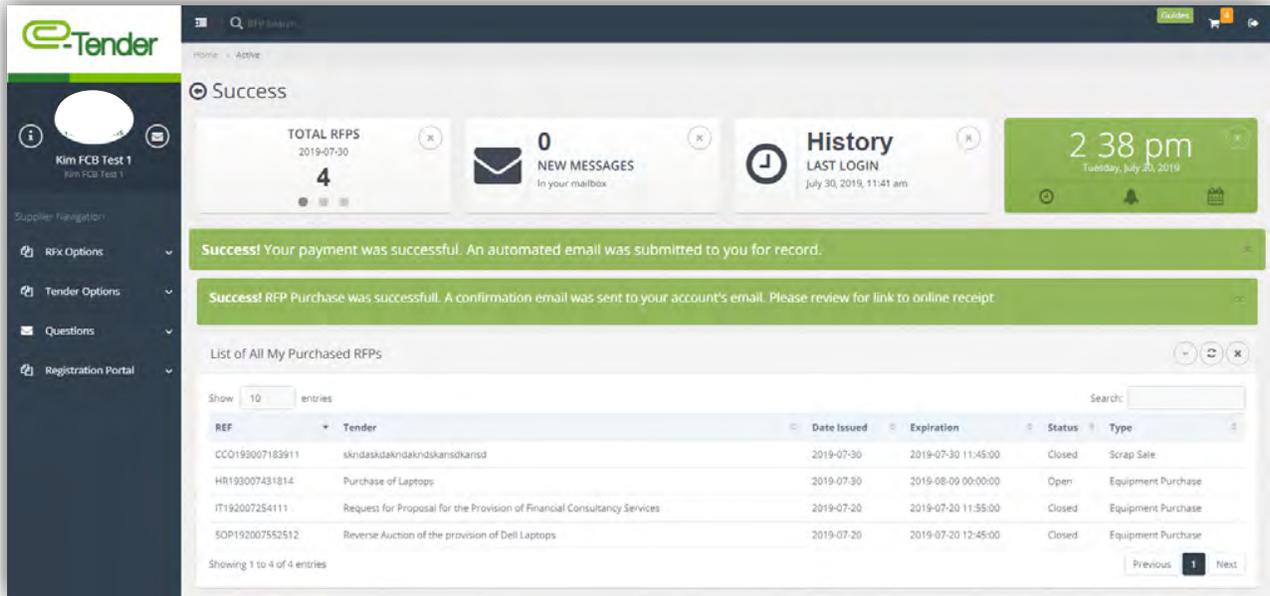

When you have located/selected the tender for which you have been invited or wish to participate in, select it. You will see a screen as shown below. This screen gives you preliminary information on the tender. To view additional details about the tender, select **‘View RFP info’**. If there is a cost to purchase the tender, it will be displayed here and you would be required to purchase the tender in order to have access to any additional information/the tender package:

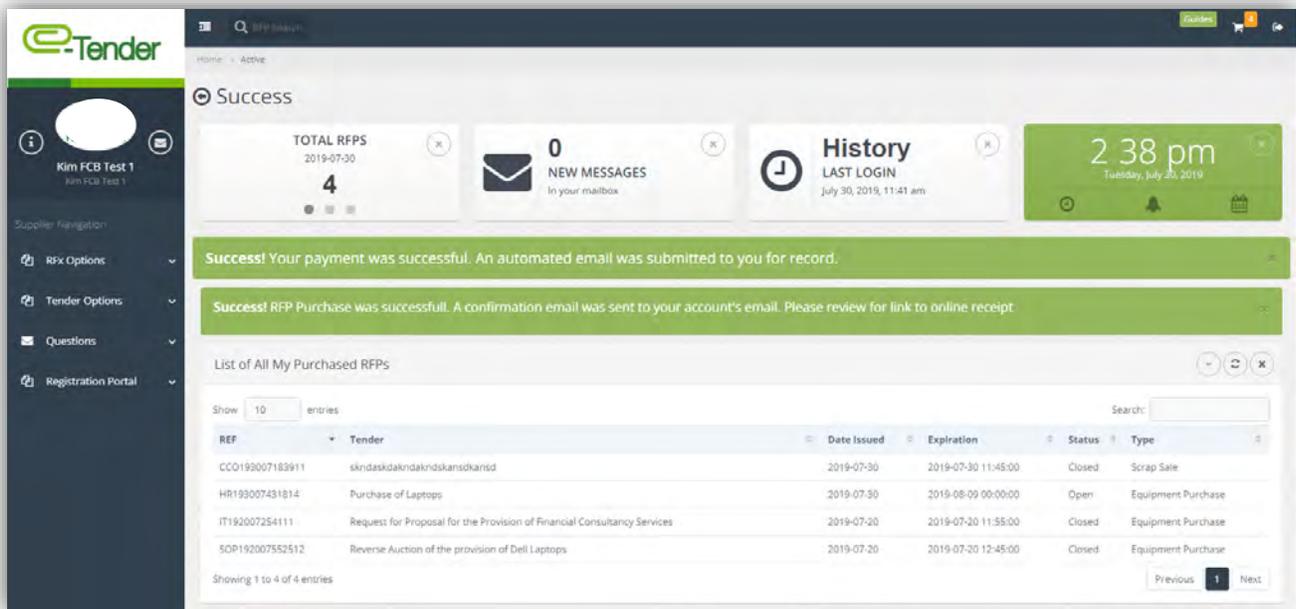

To begin, if there is a cost, you must select **‘Purchase RFP (Credit Card)’**. If there is no cost, select **‘FREE (Select to Own)’**. If you have to purchase this tender, the following screen will appear which will prompt you to enter your credit card details:

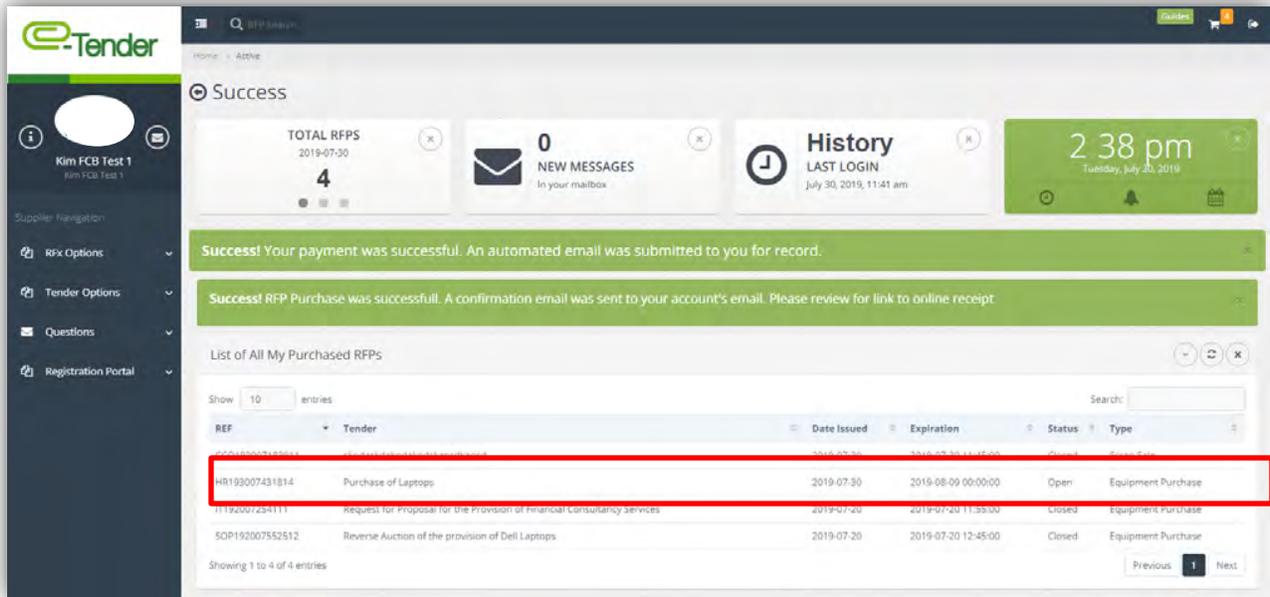

Once your credit card payment is successful, you will be directed to the following page:

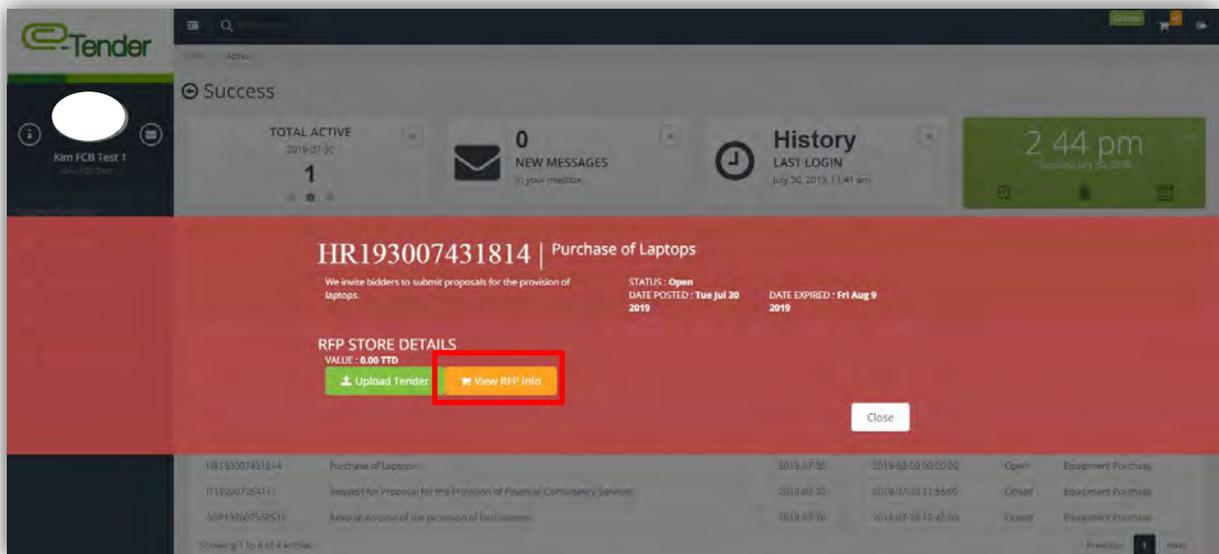

If there is no cost attached to the tender, and you select **'FREE (Select To Own)'** you will be directed to the following page as well:

On this page, select the specific tender for which you are applying:

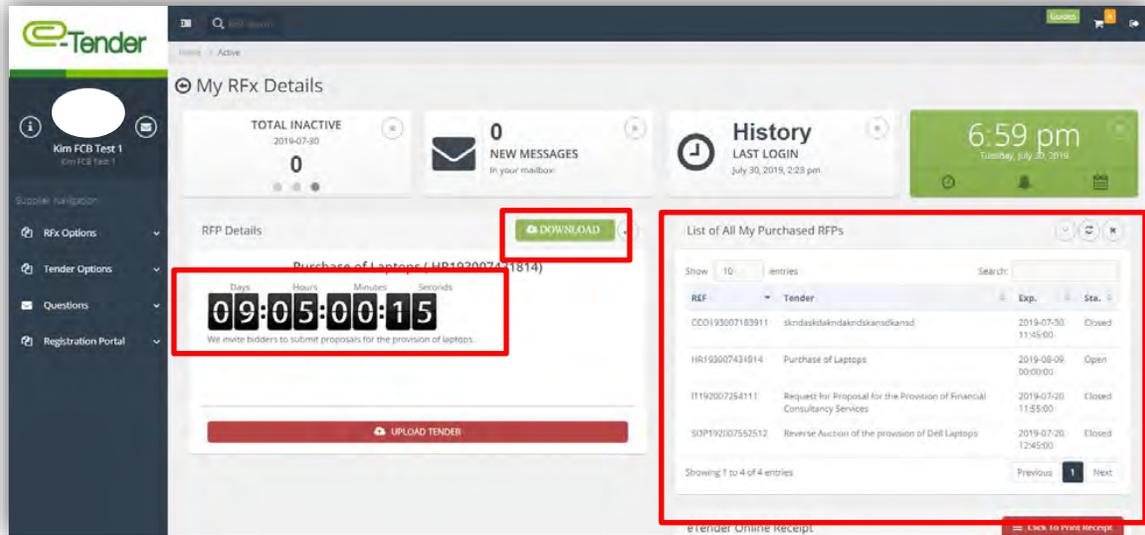

The following screen would appear. Select, ‘View RFP Info’ to see the details of this tender and to download tender documents/package:

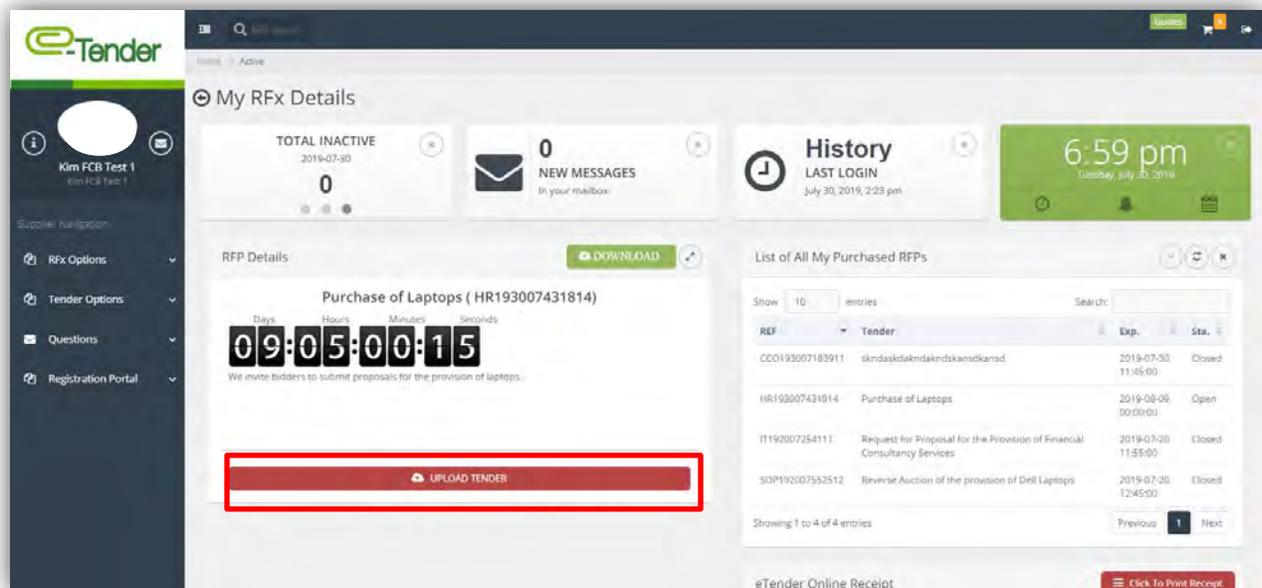

On this screen you will see the following:-

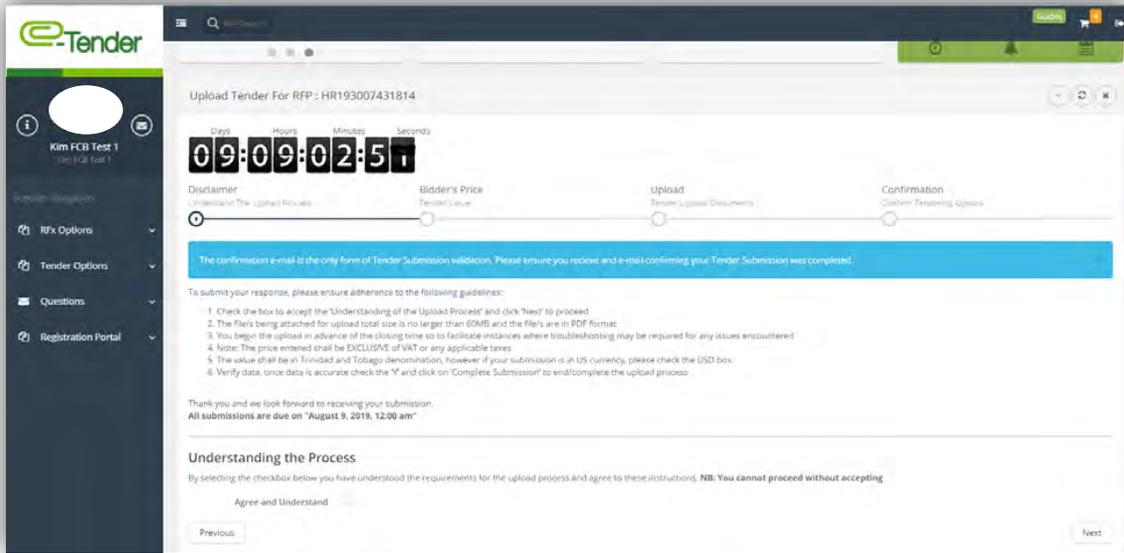

1. The **'Documents'** tab- This contains all pertinent documents related to the tender which you should download and review before submitting your bid. These documents can include but are not limited to: - Invitation to Bids, RFP Packages etc.
2. A countdown timer which lets you know how much time (days and hours) there is left before the tender closes
3. A list of all your previously purchased RFX's

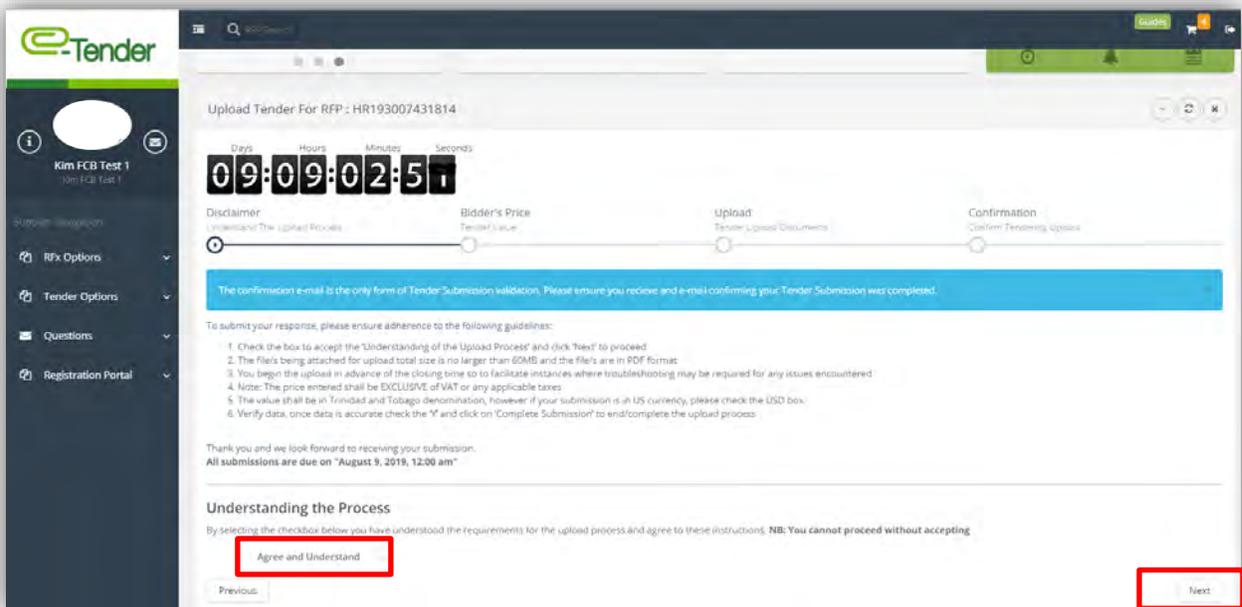

Once you have downloaded all required documents, select **'Upload Tender'** as shown below:

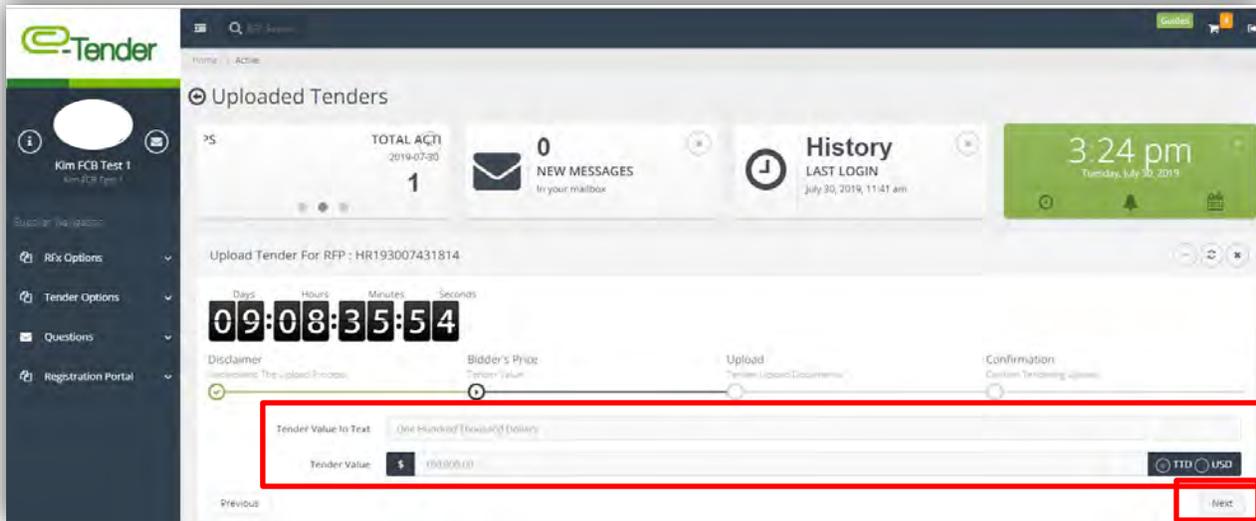

The following page will appear:

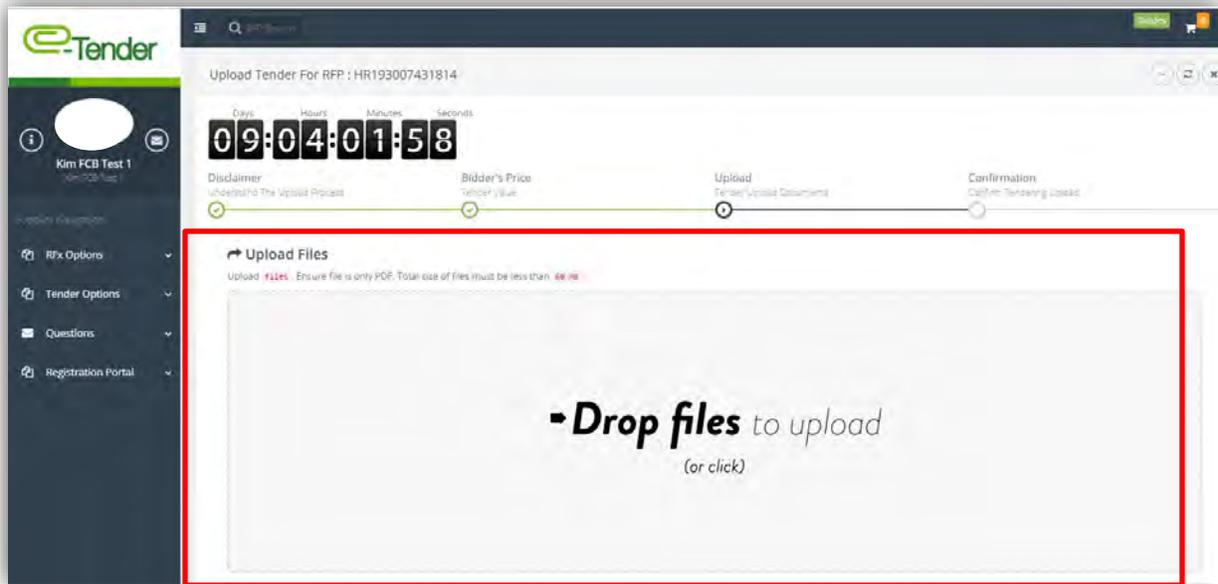

Here, you must accept the that you agree and understand the posted disclaimer in order to participate in the tender. If you do not accept, you would not be able to move further in the process and participate in the tender. Once you have selected the disclaimer as shown below, select, 'Next':

You will be directed to the following page as shown below: Proceed to enter your price in both figures and words. Once you are finished, select ‘Next’:

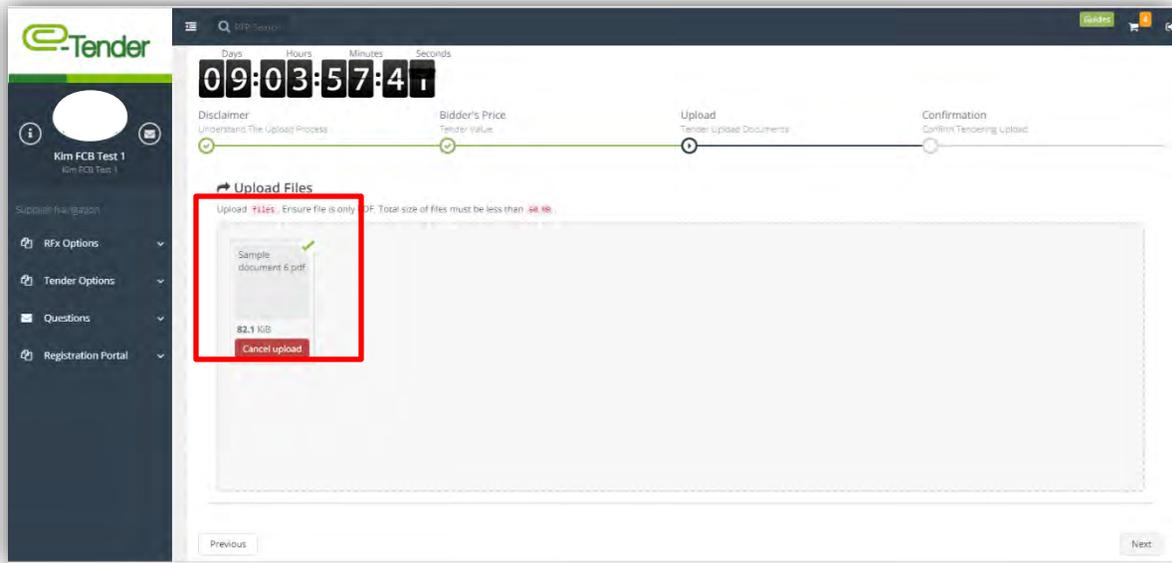

You will then be required to upload all required documents, in **PDF format**, as specified in the RFP Documents or Instructions to Bidders which were downloaded previously. To upload documents, select the field as shown below:

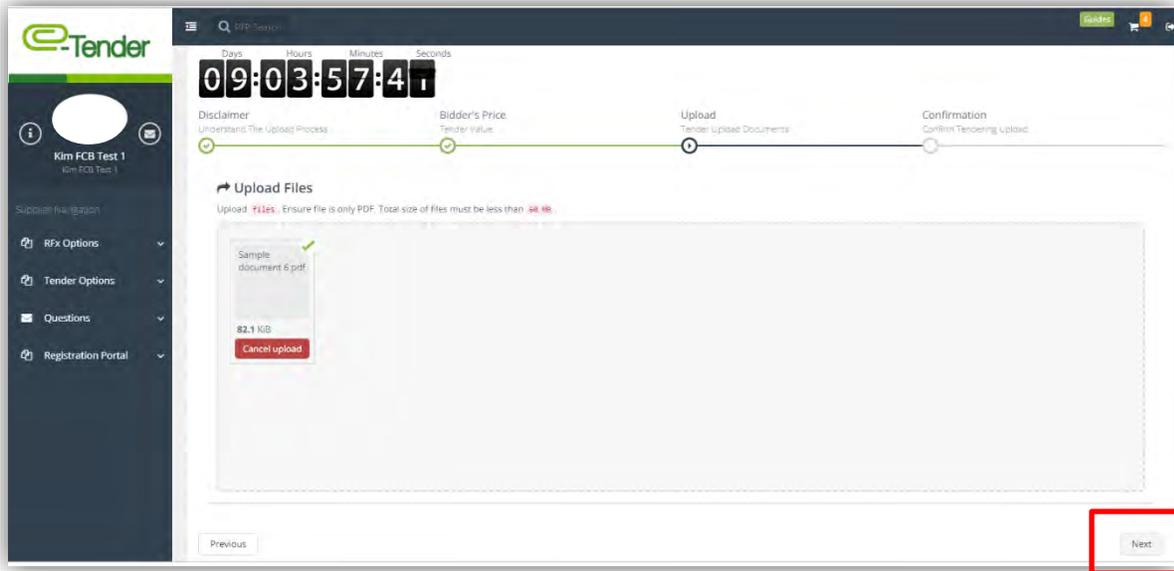

You must upload required documents to this section. If you do not upload the documents as requested by the organization, you will not be able to move forward in the bid submission process.

A successful document upload looks like this:

Once you are finished, select, 'Next':

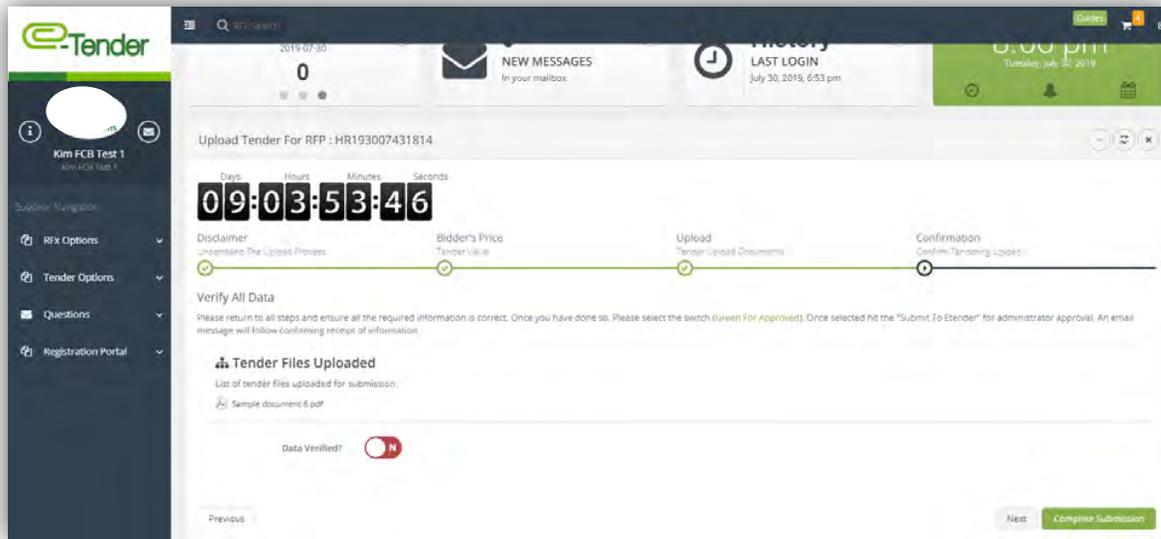

Please note, that when uploading a submission, kindly ensure;

1. The size of the total files is no larger than 60 MB
2. The files are in PDF format
3. You begin the upload in advance of the closing time so to facilitate instances where troubleshoot may be required.

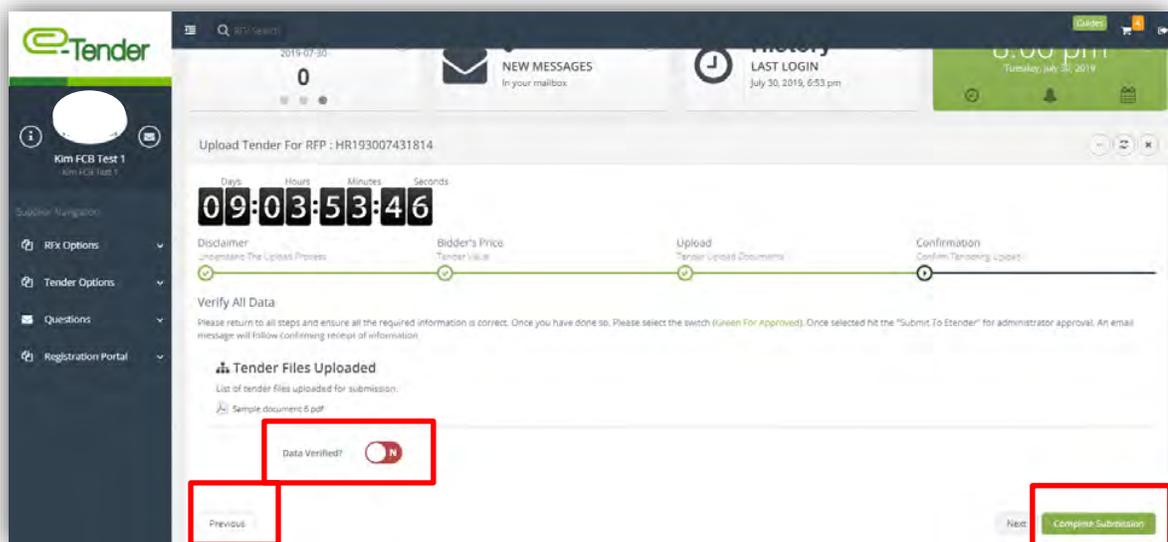

4. There are no special characters in the name of the document

Once you have finished uploading your bid submission, you will be directed to the following final page:

You will be instructed to verify that all the information submitted and uploaded to your bid submission is complete and correct. To do so you can select the **'Previous'** tab to navigate back through each section. Once you are comfortable with the information:-

1. Select the **'Data Verified'** tab so that it turns Green
2. Select **'Complete Submission'**

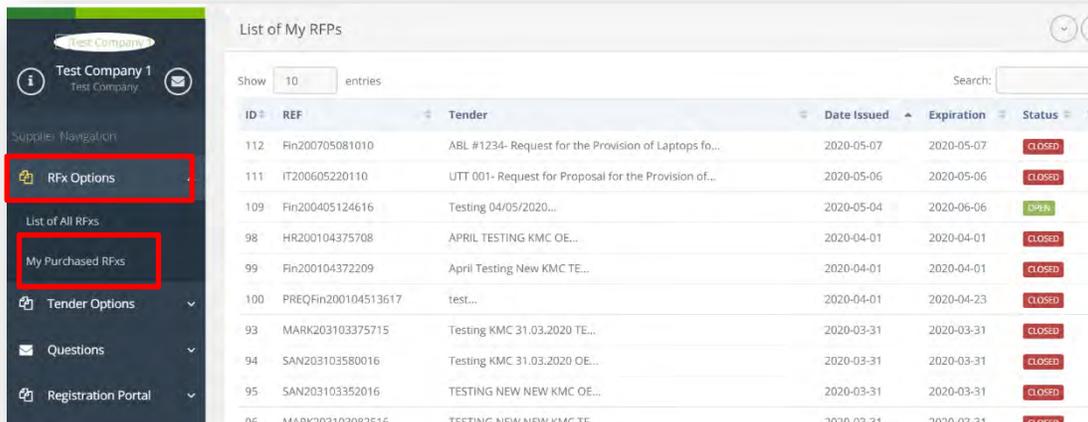

8. Accessing/Editing Updated Tenders

From time to time, FC may edit/update live or existing tenders with new information such as addendums, closing date and time extensions or include additional documents as part of the tender package.

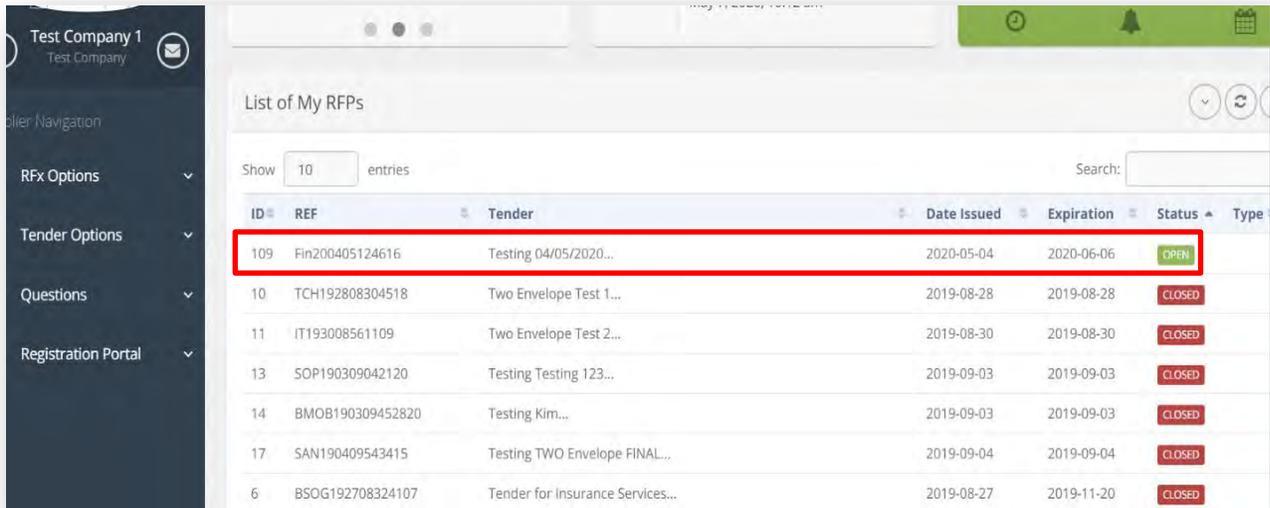

If a live tender in which you have participated in has been updated/edited, you will receive the following email:

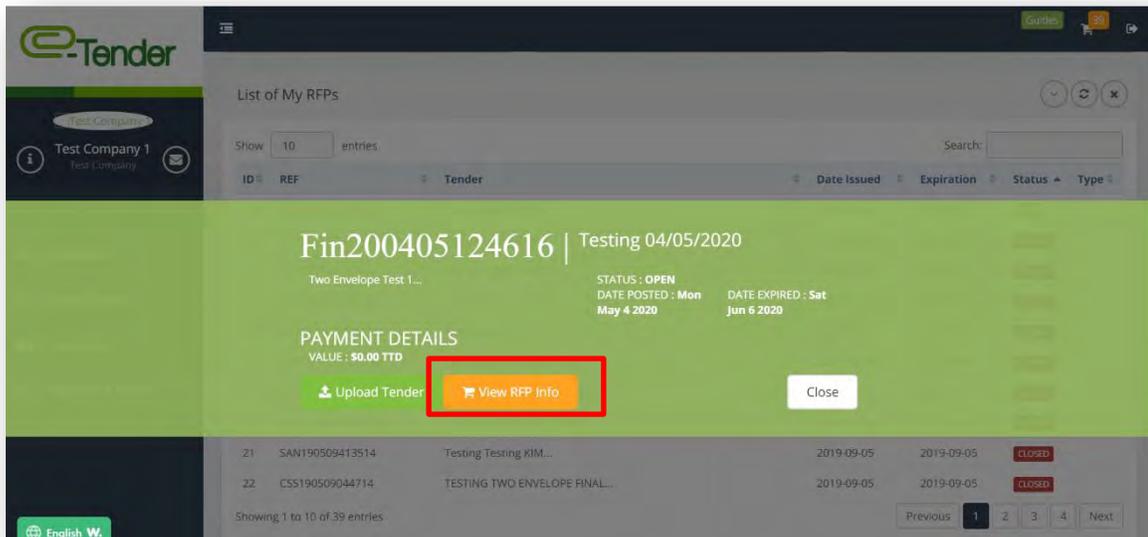

To access the edited tender to view the new/additional documents added to the tender log in to your *E-Tender* account and under '**RFX Options**' select '**My Purchased RFX's**' as shown below: -

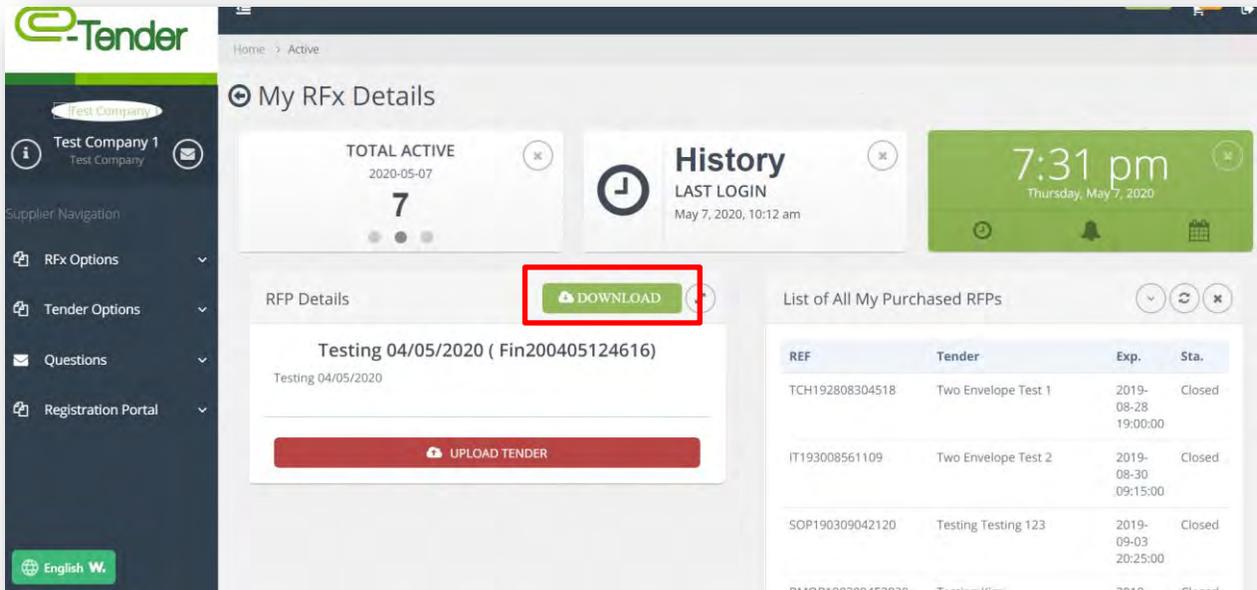

Select the tender that was edited as outlined by the email:

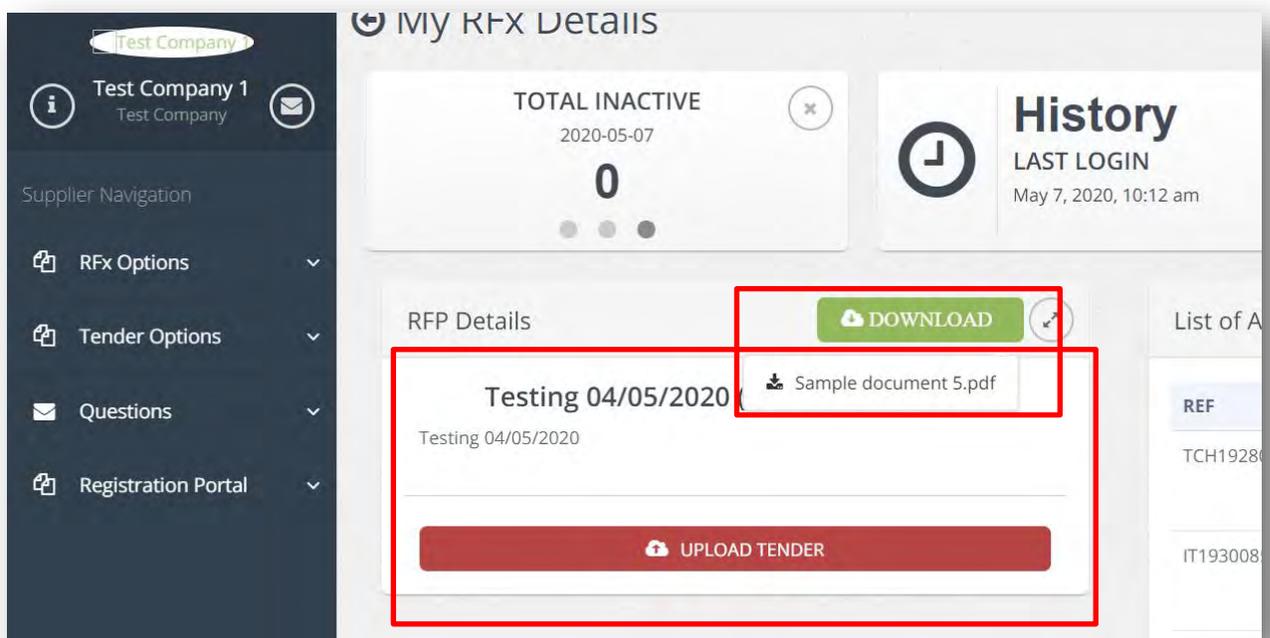

The following page will appear. Select **'View RFP Info'** as shown below:

You will be directed to the following page:

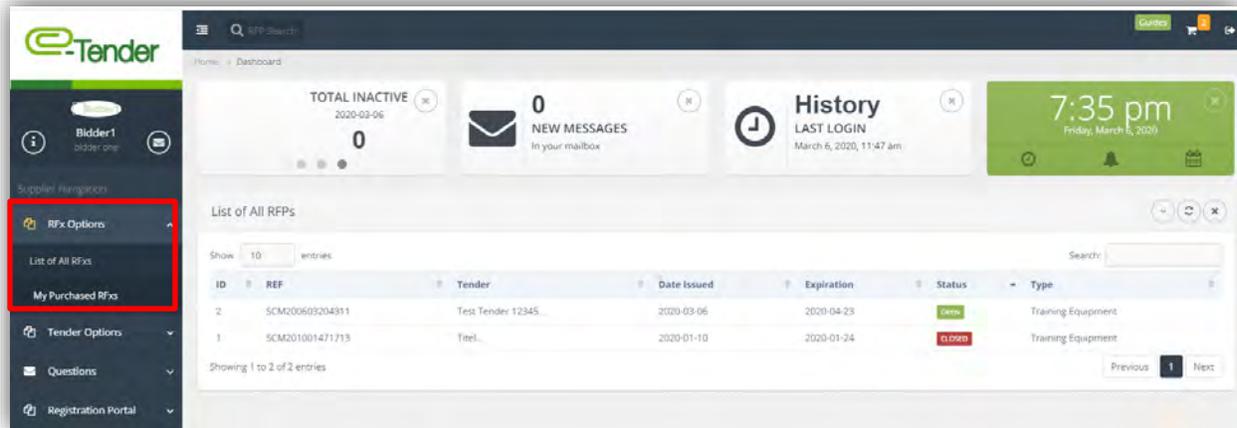

Select the **'Download'** tab as shown below and you will be able to access and re-download any additional documents posted by the organization. Also, if there are any new updates posted on the tender it will be posted under the **'RFP Details'** field highlighted below:

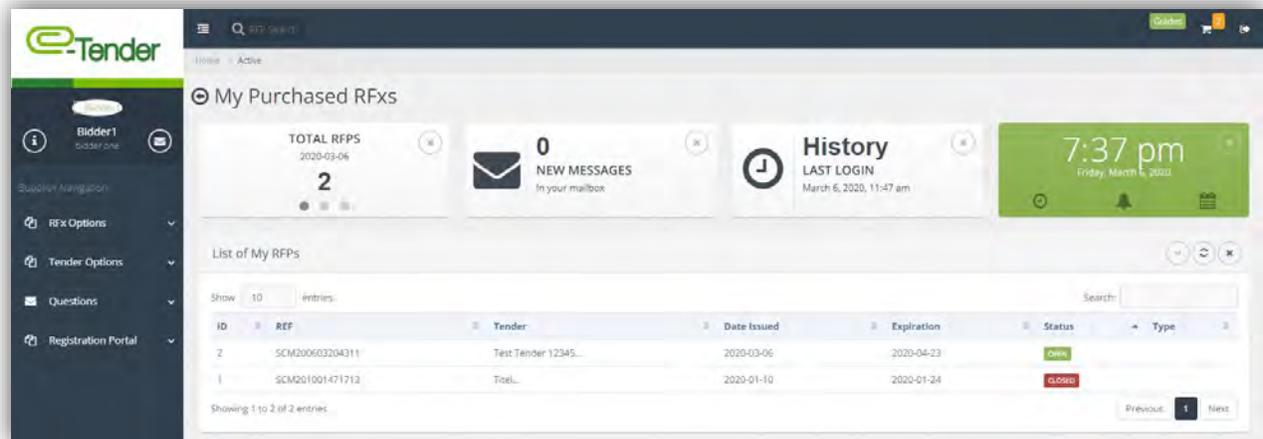

9. Editing your Bid Submission

You are free to edit your bid submission before the closing date and time of the tender. To edit your bid submission, select **'RFX Options'**, then select **'My Purchased RFX's'** as shown below:-

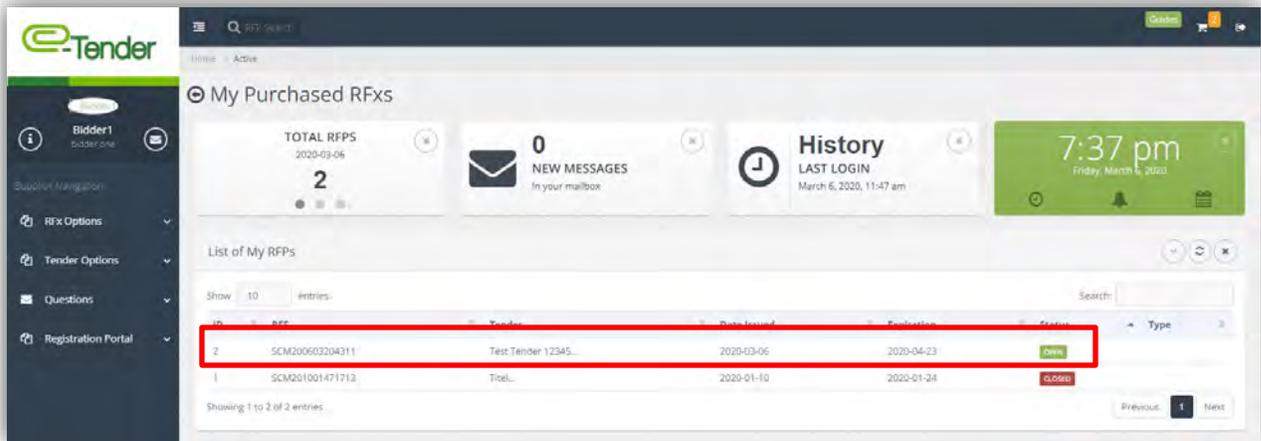

You will be directed to the following screen:

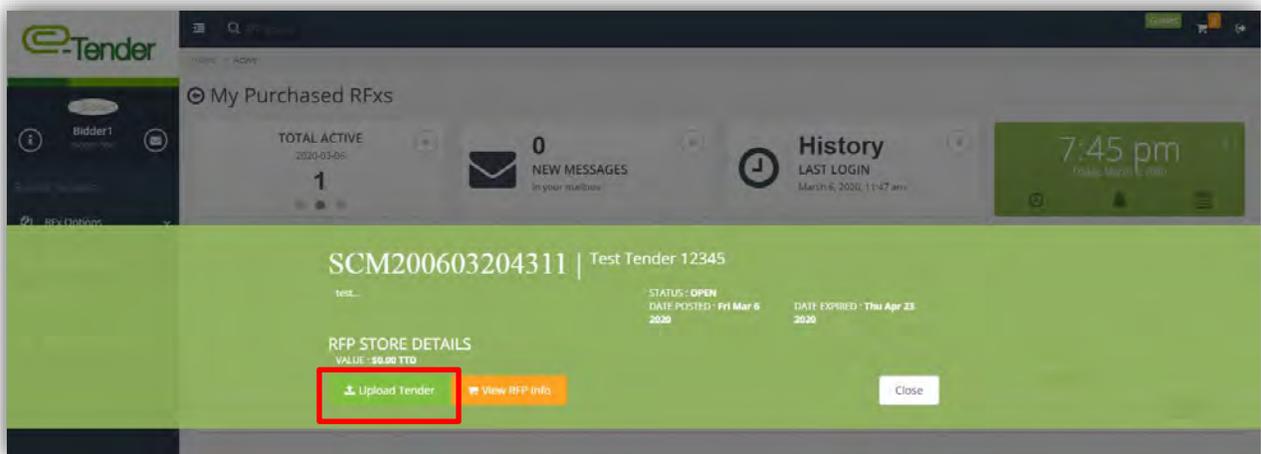

This page displays all RFX's your would have purchased as well as their status. Remember, you can only edit those RFX's/tenders that are open.

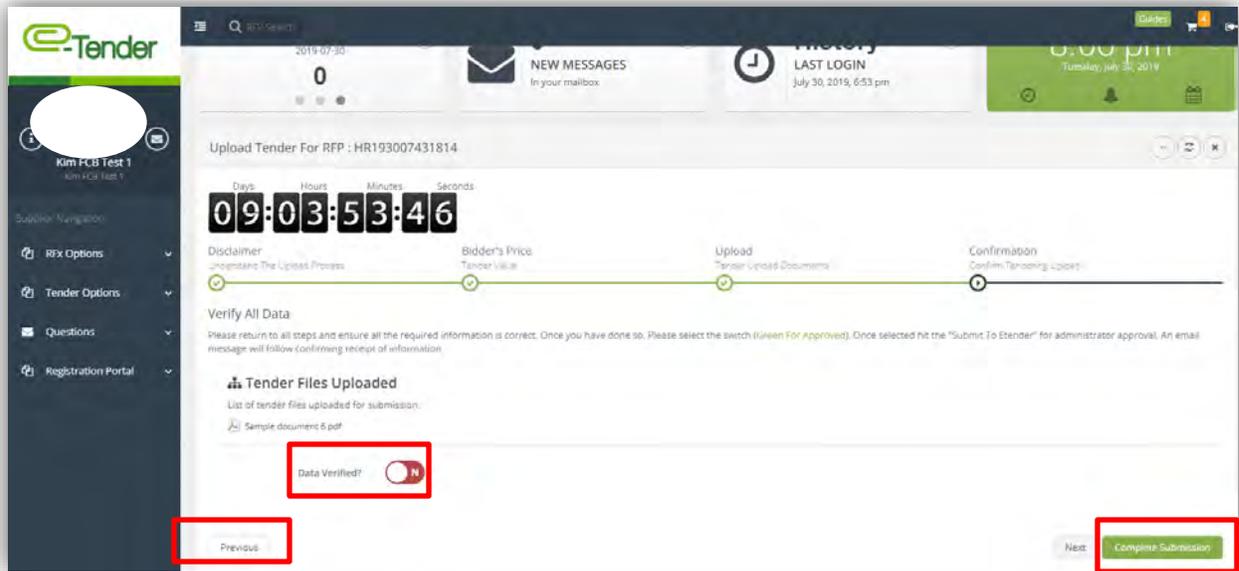

To edit an open RfX/tender, select the tender reference number as shown below:-

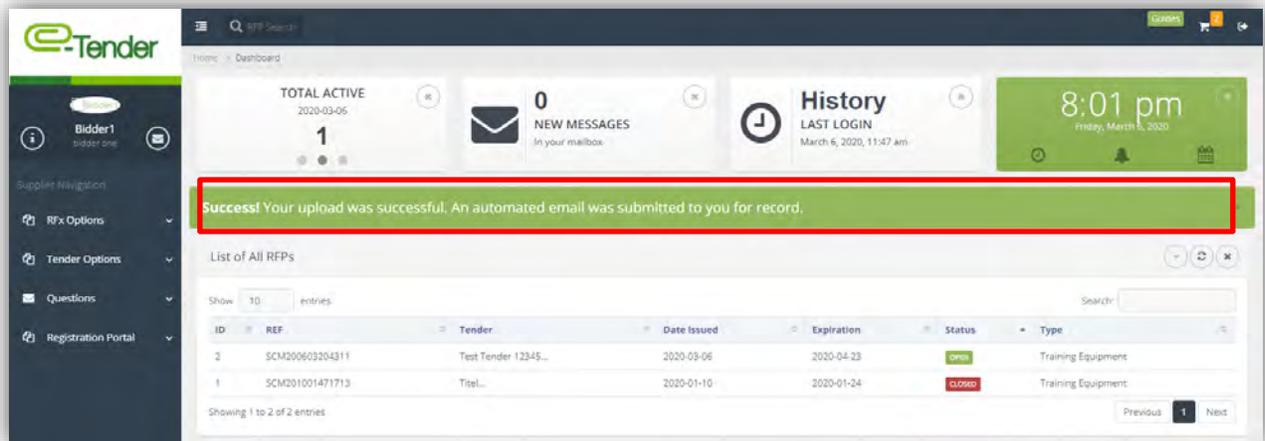

The following page will appear. Select **'Upload Tender'**:

Proceed to re-upload your tender as you would have done initially. It is important to note that once you proceed to edit your bid submission by re-entering the tender i.e clicking the **'Upload Tender'** button as shown above, you **MUST** re-enter the price as well as your bid submission. You must also ensure that you select the **'Data Verified'** tab so that it turns Green as well as the **'Complete Submission'** tab as shown below:

If you intend to edit your bid submission but fail to re-enter both your price as well as re-upload your bid submission, the status of your submission would be **'Incomplete'**. To verify that your re-upload was successful, ensure that you receive the following confirmation as well as email as shown below:

10. Viewing Awarded Tenders

You will receive an email when the tender for which you have applied has been awarded. A sample of this email is shown below:-

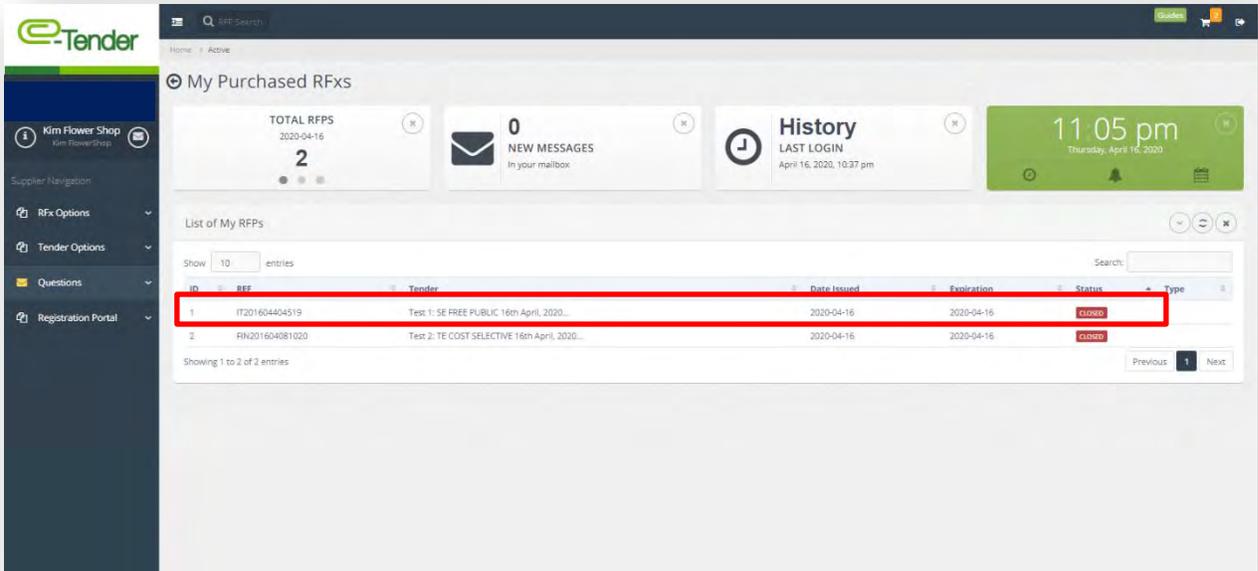

To view these details, log in to your *E-Tender* account and select '**RFx Options**' and then select '**My Purchased RFx's**'

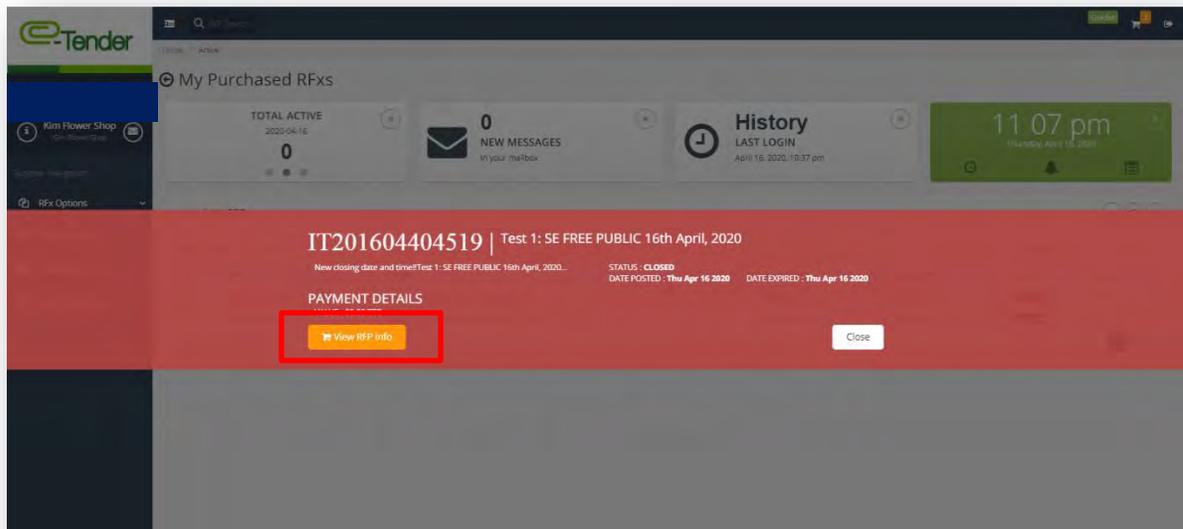

The screenshot displays the E-Tender web application interface. The browser address bar shows "fcb.etendervorld.tt/index.php". The page header includes the E-Tender logo and a search bar. 11. Key Things to Note

Username and Passwords on E-Tender are case sensitive. It is important that you take note of this when creating your account and entering your account information upon log in. Additionally, to log in, you require your Username and Password, **NOT** your email address. Also, please **do not include** special characters in your Username.

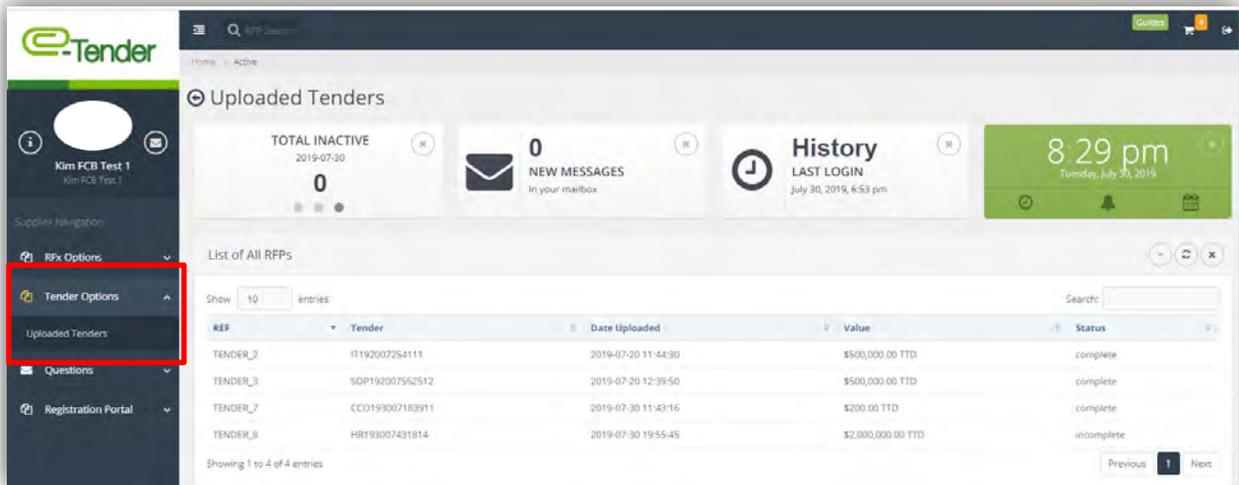

The Bidder is responsible for resetting his/her own password. This feature is available on your log in page as shown below:

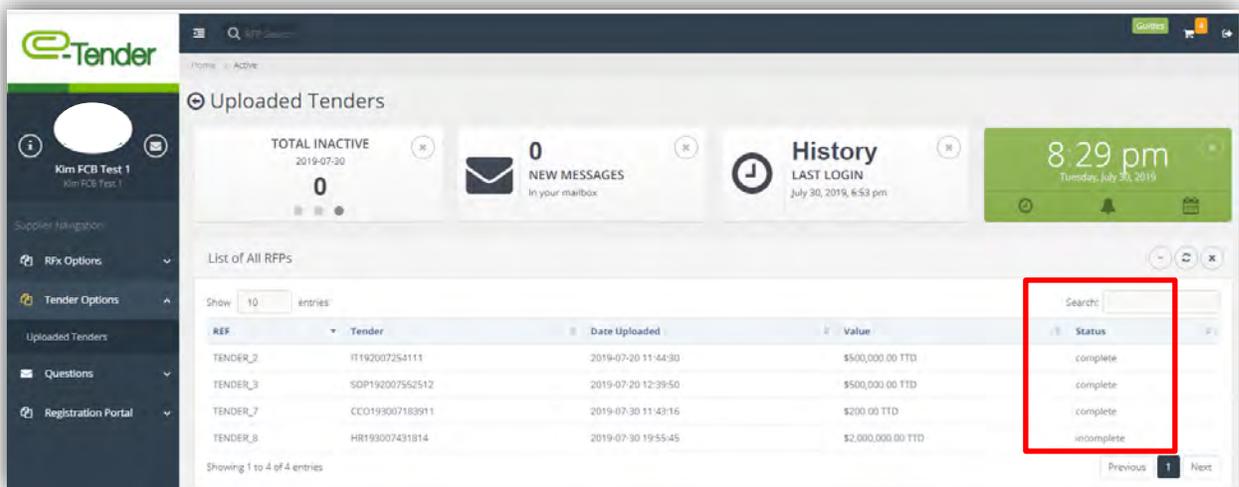

Only when you have exceeded your log in attempts and are instructed to contact the Administrator are you to send an email to the Procurement representative of the Company, requesting a password reset.

With regard to bid submissions, it is important to give yourself ample time to upload your bid. If the tender closes at 10:00 am, it is ill-advised to start uploading your tender at 9:50 am. If you are uploading your bid submission and the closing time for the tender has passed, the system will **not** allow you to upload your bid submission even though you have already begun the process. To confirm if your bid submission was uploaded/received, check to see if you would have received an email. Additionally, to check the status of your bid submission in E-Tender, you can do the following:

Select, 'Tender Options' in your Supplier Navigation Pane and then select, 'Uploaded Tenders':

The status of the all of your tenders would be on display as shown below:

- 'Complete' means that your bid submission was successfully submitted.
- 'Incomplete' (if the tender is still open) means that no final submission was done i.e. you started the process but did not select 'Complete Submission'.
- 'Incomplete' (if the tender is closed) means that the submission received is incomplete i.e. you were unable to complete your bid submission.
- 'Not Uploaded' means that no submission was done for that specific tender.

If you have any queries or concerns, please feel free to reach out the Procurement Department.
